Seer Stockholders Vote to Re-Elect All Seven of Seer's Director Nominees at 2026 Annual Meeting

July 28, 2026

REDWOOD CITY, Calif., July 28, 2026 (GLOBE NEWSWIRE) -- Seer, Inc. (Nasdaq: SEER) ("Seer") today announced that, based on the preliminary voting results from Seer's 2026 Annual Meeting of Stockholders (the "Annual Meeting"), Seer stockholders have voted to re-elect all seven of Seer's director nominees – Omid Farokhzad, M.D.; Meeta Gulyani; Robert Langer, Sc.D.; Terrance McGuire; Dipchand (Deep) Nishar; Isaac Ro; and Nicolas Roelofs, Ph.D. – to Seer's Board of Directors (the "Board").

Seer issued the following statement:

> We thank our stockholders for their support and engagement over the last several months. This outcome reflects confidence in Seer's highly qualified, purpose-built Board and our directors' commitment to advancing the best interests of all stockholders. We remain focused on disciplined execution of our strategy that includes expanding utilization of our growing installed base, securing additional population-scale cohort and biobank studies, advancing our innovation pipeline and scaling platform commercialization with continued cost discipline. The business is building momentum, and we remain confident in Seer's ability to drive value creation over the long-term.

The voting results announced today are considered preliminary until final results are tabulated and certified by the independent inspector of elections. Seer expects to report the final certified voting results for all proposals on a Current Report on Form 8-K filed with the U.S. Securities and Exchange Commission.

About Seer, Inc.
Seer, Inc. (Nasdaq: SEER) sets the standard in deep, unbiased proteomics, delivering insights with a scale, speed, precision and reproducibility previously unattainable. Seer's Proteograph® Product Suite integrates proprietary engineered nanoparticles, streamlined automation instrumentation, optimized consumables and advanced analytical software to overcome the limitations of traditional proteomic methods. Seer's products are for research use only and are not intended for diagnostic procedures. For more information, visit www.seer.bio.
