

Seer Ranked Number 57 Fastest-Growing Company in North America on the 2024 Deloitte Technology Fast 500™

Attributes 2,440% revenue growth to increased adoption of its Proteograph™ Product Suite and exciting discoveries made by Seer customers across multiple areas of biology and disease

REDWOOD CITY, Calif., Nov. 21, 2024 (GLOBE NEWSWIRE) -- [Seer, Inc.](#) (Nasdaq: SEER), a leading life sciences company commercializing a disruptive new platform for proteomics, today announced it ranked No. 57 on the [Deloitte Technology Fast 500™](#), a ranking of the 500 fastest-growing technology, media, telecommunications, life sciences, fintech, and energy tech companies in North America, now in its 30th year. Seer grew 2,440% during this period.

Seer's President and CFO, David Horn, credits increased adoption of Seer's Proteograph Product Suite, as well as new discoveries made by its customers across neurodegenerative disease, cancer, and metabolic disease, with the company's 2,440% revenue growth.

"This has been an exciting year for Seer, from the launch of our technology access center in Europe, to seeing our Proteograph platform used by astronauts on the SpaceX Inspiration4 mission, to the recent announcement of our co-marketing and sales agreement with Thermo Fisher Scientific," Horn said. "We're proud to see continuing validation of our work providing customers and the broader scientific community with the power to enable deep proteomic insights at a scale and price point that hasn't been possible before."

Seer previously ranked No. 5 as a Technology Fast 500 award winner for 2023.

Overall, 2024 Technology Fast 500 companies achieved revenue growth ranging from 201% to 153,625% over the three-year time frame, with an average growth rate of 1,981% and median growth rate of 460%.

About the 2024 Deloitte Technology Fast 500:

Now in its 30th year, the Deloitte Technology Fast 500 provides a ranking of the fastest-growing technology, media, telecommunications, life sciences, fintech, and energy tech companies — both public and private — in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2020 to 2023.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least US\$50,000, and current-year operating revenues of at least US\$5 million. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.

About Seer:

Seer is a life sciences company developing transformative products that open a new gateway to the proteome. Seer's Proteograph Product Suite is an integrated solution that includes proprietary engineered nanoparticles, consumables, automation instrumentation and software to perform deep, unbiased proteomic analysis at scale in a matter of hours. Seer designed the Proteograph workflow to be efficient and easy to use, leveraging widely adopted laboratory instrumentation to provide a decentralized solution that can be incorporated by nearly any lab. Seer's Proteograph Product Suite is for research use only and is not intended for diagnostic procedures. For more information, please visit www.seer.bio.
